

Precision Machining and CNC Technology - Certificate

West Burlington Campus, and select courses available at the Keokuk Campus

Program Information

This certificate would provide a basic concept to introductory skills & fundamentals of working in a machine shop manufacturing environment. Working with credit and noncredit students this could be a very good pathway of just getting into a manufacturing machine shop.

Please [view the technical-standards](#) for this course.

Instructor and Staff

Bradley Junker
Instructor - Advanced Manufacturing
(319) 208-5182
