

# **History Transfer Major - AA**

---

West Burlington Campus, Keokuk Campus, and Online

## **Program Information**

The study of history is the study of human experience. Critical analysis of the past gives us an understanding of why and how certain events happened and the impact they had on specific societies and cultures.

The History Transfer Major provides students with opportunities to earn Associate of Arts (AA) degrees, which transfer to many four-year institutions.

By analyzing history, students will gain an appreciation of the past and acquire critical thinking skills that will help students make informed choices in our contemporary world. They will also gain an appreciation of many different cultures of the world, and such cultural awareness will help them be more understanding of the experiences and perspectives of other people.
