

Information Technology Management - IT Technician Diploma

West Burlington Campus, and select courses available at the Keokuk Campus

Program Information

The Networking Administration and Cybersecurity program offers hands-on experience with installation, maintenance, and administration of PC networks.

Students will spend time working on security principles and router, switch, and firewall configuration. The program offers the latest equipment and software, plus experience with Microsoft and Linux operating systems. Students will leave with the skills and knowledge industry requires.

During the second semester, students will take NET-101 IT Fundamentals, where they have the opportunity to earn CompTIA IT Fundamentals certification.

The IT Technician Diploma is awarded after successful completion of the second semester. Students will also take NET-153 Advanced Networking during the second year, which includes the CIW Network Technology Associates exam.

The CIW NTA certificate is awarded after successful completion of this exam.

For specific information regarding program rules and expectations, please view the [Information Technology Programs Handbook](#).
